Principal's Message

Penngrove School is one of seven elementary schools in the Petaluma City Elementary School District. It is the oldest, having been founded in 1926, and is located on a hill overlooking the rural community of Penngrove. Our current population is 390 students. Our staff includes 17 full- and part-time teachers, as well as 19 members of our support staff. Our school provides a comprehensive program for all students, which includes literature/language arts, math, science, social studies, physical education, music and art. We also provide additional services including speech and language, bilingual education, guidance, reading specialist services, and resource specialist services.

We are dedicated to recognizing the unique value of each child, providing learning in a safe, supportive environment, and promoting a partnership between home, school and community. We strive to create and maintain an atmosphere that fosters the intellectual, social and physical growth of each child. We expect consideration for others, compassion, empathy, responsibility, and self-discipline. We value a balanced program that emphasizes the mastery of academic skills while opening our students' minds to critical thought and creative ability. We encourage each child to develop to his or her fullest potential.

Parental Involvement

Parents are an integral part of the Penngrove School program. We encourage them to assist in the classroom, attend field trips, and participate in Parent Teacher Association (PTA) and School Site Council (SSC) as well as our Bilingual Advisory and Gifted and Talented Education (GATE) advisory programs.

For more information on how to become involved, contact Kathleen Larsen, Principal, at (707) 778-4755.

Mission Statement

The Petaluma City Elementary and Joint Union High School Districts are committed to providing opportunities for all students to be challenged and motivated in school so that upon graduation, they will be successful in their future educational endeavors, careers, and community.

Enrollment and Demographics

The total enrollment at the school was 383 students for the 2009-10 school year.

Class Size

Textbooks and Instructional Materials

All students have current textbooks in good condition. All students have textbooks from the most recent State-adopted lists and every student has access to their own textbooks.

The adoption of textbooks and other supplemental instructional materials in Petaluma School Districts follows the State curriculum cycle established by the California Department of Education. Each year, a major subject matter discipline such as mathematics, language arts, or science is reviewed and updated. An instructional discipline rotates through this cycle every seven years. Teachers are involved in aspects of the adoption process. They identify materials to be piloted, pilot materials, evaluate the materials to ensure they are aligned to State standards, and make a recommendation to the Board of Trustees. Funding for the purchase of new textbooks is provided through State textbook funds. With no exceptions where class sets are maintained, all students have a copy of each adopted textbook. Technology is an integral feature of the instructional program.

Weekly music classes are provided for all students in grades 1-6 provided by music specialist teachers who access Standards-aligned materials; an art docent program is available for all classrooms.

Textbooks and Instructional Materials List

Subject	Textbook	Adopted
English-Language Arts	Houghton Mifflin series (K-6)	2003
Mathematics	Scott Foresman	2008
Science	FOSS	2008
History-Social Science	Pearson-Scott Foresman (K-5)	2006
History-Social Science	TCI (6)	2006

Note: This data was most recently collected and verified in July 2010.

“We are dedicated to recognizing the unique value of each child, providing learning in a safe, supportive environment, and promoting a partnership between home, school and community.”

Availability of Textbooks and Instructional Materials

The following lists the percentage of pupils who lack their own assigned textbooks and instructional materials:

School Facility Items Inspected

The table shows the results of the school’s most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. The following is a list of items inspected.

- **Systems:** Gas Systems and Pipes, Mechanical Systems (heating, ventilation, and air conditioning), Sewer
- **Interior:** Interior Surfaces (floors, ceilings, walls, and window casings)
- **Cleanliness:** Pest/Vermin Control, Overall Cleanliness (school grounds, buildings, rooms, and common areas)
- **Electrical:** Electrical Systems (interior and exterior)
- **Restrooms/Fountains:** Restrooms, Sinks/Drinking Fountains (interior and exterior)
- **Safety:** Fire Safety Equipment, Emergency Systems, Hazardous Materials (interior and exterior)
- **Structural:** Structural Condition, Roofs
- **External:** Windows/Doors/Gates/Fences, Playgrounds/School Grounds

School Facility Good Repair Status

This inspection determines the school facility’s good repair status using ratings of good condition, fair condition, or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair, or poor condition.

School Facility Good Repair Status			
Items Inspected	Repair Status	Items Inspected	Repair Status
Systems	Good	Restrooms/Fountains	Good
Interior	Good	Safety	Good
Cleanliness	Good	Structural	Good
Electrical	Good	External	Good
Overall Summary of Facility Conditions			Exemplary
Date of the Most Recent School Site Inspection			6/4/2010
Date of the Most Recent Completion of the Inspection Form			6/4/2010

Note: At the time of this school facility inspection, no deficiencies were found.

School Safety

The School Safety Plan includes a school crime assessment, information about child abuse reporting, disaster procedures, information about our schoolwide behavior program, procedures to notify teachers of dangerous pupils, sexual harassment policy, dress code, and information about supervision of students.

The School Safety Plan was most recently reviewed, updated, and discussed with school faculty in November of 2010.

Suspensions and Expulsions

This table shows the rate of suspensions and expulsions (the total number of incidents divided by the school’s total enrollment) for the most recent three-year period.

	Suspension and Expulsion Rates					
	Penngrove ES			Petaluma City Schools		
	07-08	08-09	09-10	07-08	08-09	09-10

Expulsion Rate	0.000	0.000	0.000	0.000	0.000	0.000

School Facilities

Penngrove was built in 1926. Penngrove offers a safe and secure campus where students, staff, and visitors are free from physical harm. The school provides up-to-date facilities and adequate space for students and staff. Penngrove School is comprised of a kindergarten area, library media center, large multipurpose room, and 16 classrooms. The school has a spacious playground with swings, slide, and a play structure as well as grassy fields for sports and games. We have a track that circles half of the grassy field. During the day and evening, two custodians ensure that classrooms, restrooms, and campus grounds are kept clean and safe. A scheduled maintenance program is administered by the Petaluma City School Districts to ensure that all classrooms and facilities are maintained to an adequate degree.

Penngrove’s work environment for students and staff reflects the standards of both our school and our community. District personnel inspect our school regularly. In addition, necessary repairs and maintenance are continuously being done to ensure a safe facility. The local fire department also does annual inspections. As responsible members of the community, we take pride in our school environment by maintaining a clean and well-groomed campus.

Recently completed facility improvements include the installation of an outdoor track on our field. This was funded by a generous donation from one of our families.

STAR Results for All Students: Three-Year Comparison

The Standardized Testing and Reporting (STAR) results are reported as performance levels in order to compare student achievement to state standards. The five performance levels are: **Advanced** (*exceeds state standards*); **Proficient** (*meets state standards*); **Basic**; **Below Basic**; and **Far Below Basic**. Students scoring at the Proficient or Advanced level meet state standards in that content area. The tables below show the percentage of students that scored at Proficient or Advanced levels in English-language arts, mathematics, and science.

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key tests, including the California Standards Test (CST), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA). The CSTs are multiple choice tests in English-language arts, mathematics, science, and history-social science for varying grade levels. Some grade levels also participate in an essay writing test.

The CSTs are used to determine students' achievement of the California Academic Content Standards. These standards describe the knowledge and skills that students are expected to learn at each grade level and subject.

The CMA is a modified assessment for students with disabilities who have an individualized education program (IEP). It is designed to assess those students whose disabilities prevent them from achieving grade-level proficiency on an assessment of the content standards with or without accommodations.

The CAPA is an alternate assessment for students with significant cognitive disabilities who are unable to take the CST with accommodations or modifications or the CMA with accommodations.

For a complete report on all tests, participation, groups, and their scores by grade level, please visit <http://star.cde.ca.gov/>. To learn more about the STAR Program, please visit the guide at www.cde.ca.gov/ta/tg/sr/documents/starpkt5inrpts.pdf.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. The API is a score on a scale of 200 to 1,000 that reflects a school's, district's or a student group's performance level, based on the results of statewide testing. An API score of 800 is set as the statewide target.

Each annual API reporting cycle includes a Base and a Growth API. The Base API starts the reporting cycle and is released approximately a year after testing (i.e., The 2009 Base is calculated from results of statewide testing in spring 2009 but is released in May 2010). The Growth API is released after the Base API but is calculated from test results from the following year (i.e., The Growth API is calculated from results of statewide testing in spring 2010 and released in August 2010). Therefore, for the 2009-10 API reporting cycle, the 2009 Base indicator and 2010 Growth indicator are used. To learn more about API, please visit the API information guide at www.cde.ca.gov/ta/ac/ap/documents/infoguide09.pdf and the API overview guide at www.cde.ca.gov/ta/ac/ay/documents/overview10.pdf.

API Ranks

Schools are ranked in ten categories of equal size, called deciles, from 1 (lowest) to 10 (highest) based on their API Base reports. A school's "statewide rank" compares its API to the APIs of all other schools statewide of the same type (elementary, middle, or high school). A "similar schools rank" reflects how a school compares to 100 statistically matched similar schools. This table shows the school's three-year data for statewide API rank and similar schools API rank, for which information is available.

API Growth by Student Group

This table displays, by student group, the actual API change in points added or lost for the past three years.

API Growth by Student Group: 2010 Growth API Comparison

API Testing Note: Assessment data are reported only for numerically significant groups. To be considered 'numerically significant' for the API, the group must have either: (1) at least 50 students with valid test scores who make up at least 15% of the total valid scores, or (2) at least 100 students with valid test scores.

Federal Intervention Program

Schools and districts that receive Title I funding can enter Program Improvement (PI) if they fail to meet AYP over two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). With each additional year they don't meet AYP, they advance to the next level of intervention. This table displays the 2010-11 Program Improvement status for the school and district. For more information, please visit www.cde.ca.gov/ta/ac/ay/.

California Physical Fitness Test

Each spring, all students in grades 5, 7, and 9 are required to participate in the California Physical Fitness Test (PFT). The State Board of Education designated the *Fitnessgram*® as the PFT for students in California public schools. The test measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

The primary goal of the *Fitnessgram*® is to assist students in establishing lifetime habits of regular physical activity. The table shows the percentage of students meeting the fitness standards for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf/.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (i.e., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

Adequate Yearly Progress

The No Child Left Behind (NCLB) Act requires that all schools and districts meet Adequate Yearly Progress (AYP) requirements. To meet these standards, California public schools and districts must meet or exceed criteria in four target areas:

1. Participation rate on statewide assessments in English-language arts and mathematics
2. Percentage of students scoring proficient on statewide assessments in English-language arts and mathematics
3. API scores
4. Graduation rate for high schools

The table displays whether or not the school and district made AYP overall and met each of the AYP criteria for 2009-10. For more information, visit www.cde.ca.gov/ta/ac/ay/.

No Child Left Behind Compliant Teachers

NCLB requires that all teachers of core academic subject areas be "highly qualified." In general, for a teacher to be considered highly qualified, they must have a bachelor's degree, an appropriate California teaching credential, and have demonstrated competence for each core subject he or she teaches. The table displays data regarding NCLB compliant teachers from the 2009-10 school year. For more information on teacher qualifications related to NCLB, please visit www.cde.ca.gov/nclb/sr/tq.

No Child Left Behind Compliant Teachers

All Schools in District	100.0%	0.0%
High-Poverty Schools in District	100.0%	0.0%
Low-Poverty Schools in District	100.0%	0.0%

NCLB Note: High-poverty schools are defined as those schools with student participation of approximately 75% or more in the free and reduced priced meals program. Low-poverty schools are those with student participation of approximately 25% or less in the free and reduced priced meals program.

Teacher Qualifications

This table shows information about teacher credentials and teacher qualifications. More information can be found by visiting <http://data1.cde.ca.gov/dataquest/>.

Professional Development

All teachers K-6 attended five days of SB472 training focused on the use of the newly adopted Envision Mathematics program. All new administrators attended AB430 administrative training. All administrators K-12 participated in ELL program development training. High School teachers worked with a facilitator to develop common writing rubrics. The District also provides an early release day every Wednesday for collaborative time among teachers in either department or interdisciplinary settings.

In previous school years, three days were dedicated to staff and professional development each year.

District Financial Data

This table displays district teacher and administrative salary information and compares the figures to the state averages for districts of the same type and size based on the salary schedule. Note the district salary data does not include benefits.

Financial Data

The financial data displayed in the SARC is from the 2008-09 fiscal year. The most current fiscal information available provided by the state is always two years behind the current school year, and one year behind most other data included in this report. For more detailed financial information, please visit www.cde.ca.gov/ds/fd/cs and www.cde.ca.gov/ds/fd/ec.

Types of Services Funded

These programs and services are provided at the school either through categorical funds or other sources that support and assist students:

- Gifted and Talented Education (GATE)
- English Learner support
- Immigrant student support
- School and Library Improvement Block Grant program funds
- Migrant Education support, for identified migrant students
- Identified students receive support through the resource specialist program, speech and language program, full inclusion program, or the bilingual assistant.

School Accountability Report Card

Data in this report are provided by the California Department of Education (CDE), school and the district office. For additional information on facts about California schools and districts, please visit DataQuest at <http://data1.cde.ca.gov/dataquest>. DataQuest is an online resource that provides reports for accountability, test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English Learners.
