School Accountability Report Card
Reported Using Data from the 2019-2020 School Year
Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

Valley Oaks School is an Independent Study School for students in grades 7-12. We serve a unique student population that includes but is not limited to students who are involved in activities that conflict with the traditional school schedule, high achieving learners, alternative students, GATE identified Special Education Students, and other non-traditional students. Many of our students participate in ballet, gymnastics, competitive snow boarding or skiing, racing, modeling, acting, and horsemanship. We provide A-G coursework which are UC approved. Students can enter into the UC and CSU system upon graduation. Valley Oaks School is adjacent to San Antonio High School, so we share the Principal, Academic Counselor, resource support, social/emotional counselors and a satellite office of the Petaluma Health clinic. Students meet with their highly qualified teachers during one to one appointments each week. Valley Oaks offers a free and appropriate education for students and families who are interested in a unique and standards-based education. We use State-approved and local School Board-approved materials. Valley Oaks School is accredited by the Western Association of Schools and Colleges (WASC), with our most current accreditation occurring in 2018.

As stated in our Mission Statement, "We believe that through the journey of life students will learn, grow and flourish; the alternative pathway of Valley Oaks School inspires students to challenge themselves academically, socially, and individually during their adolescent years."

Valley Oaks School is committed to the idea that all students can learn and be successful. We hold high expectations and expect our student to meet them. Our principal, counselor and teachers utilize AERIES (our student data system), Illuminate, CST and Smarter Balanced scores to effectively drive changes in teaching strategy to meet student needs. We have implemented a community service requirement designed to encourage all students to volunteer within their community.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

Parents are encouraged to attend the our annual Open House Digital Portfolio Night, our Spring and Fall Alternative Education Parents’ Night, and our bi-annual college nights and financial aid information nights. We regularly communicate with our families using Parent Square. We also publish a monthly newsletter that is shared with families and contains updates on current events, planned activities and important upcoming dates. Our Site Council is active and involved in budget discussions with representation from parents, students, staff and community members.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	0	9.85	NA
Expulsions	0	0.18	NA

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

Valley Oak's comprehensive School Safety Plan is designed in collaboration with the San Antonio High School staff to provide a framework for protecting students, staff, and the school facilities, as well as to describe the responsibilities of staff members for a wide range of emergency and disaster situations that may occur. Please refer to the Web site for additional information (www.valleyoaksschool.org). It has been prepared in compliance with legal requirements and District policy and Administrative Regulations and was last updated and reviewed by school staff, Fall 2020. Drills are held with students, staff and District personnel to practice implementation. Our Safety Plan focuses on prevention and intervention. An experienced campus supervisor monitors the two campuses during school hours.

Types of Services Funded (Fiscal Year 2019-2020)

Valley Oaks School is an Independent Study school, and as such, has limited offerings above and beyond the curriculum designed to prepare our students for graduation. Students have the option, and are encouraged to co-enroll in one of Petaluma City School's comprehensive sites, Santa Rosa Junior College, or both; and teachers are available to support students during office hours and after school. Every student enrolled in at Valley Oaks School has access to both an academic counselor and social/emotion counselors to provide ongoing support and help students focus on their goal of graduation.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	4	4	4

Four professional development days have been built into the work year calendar for 2018-2019, 2019-2020, and 2020-2021 with one PD designated as a site specific PD opportunity. District staff were surveyed to collect teacher professional development interest/need. The area of highest interest/need were selected as topics for our professional development days. The professional development days were divided into elementary and secondary topics, and the PD was delivered in a workshop model with a variety of sessions offered. Some of the workshop sessions offered included, math implementation, site-level collaboration, technology support, ACES/Trauma Informed Classroom Management, effective influences on student learning, accessing/discerning reliable information, and environmental literacy. The K-12 Curriculum/Staff Development committee met and planned the current three professional development days. All teachers participated as members of Professional Learning Networks (PLNs) and met monthly to further their collaborative work. Teachers also are provided time on early-release Wednesdays district wide for teachers to participate in collaboration, professional development, and staff meetings.
